EasyApache

Warning:

cPanel & WHM no longer develops EasyApache 3 and **only** releases security updates for it. We will **deprecate** EasyApache 3 on December 31, 2018. After that date, we will **no longer** update EasyApache 3. In cPanel & WHM version 78, we will **remove** support for EasyApache 3. For more information, read our [cPanel Long-Term Support](#) documentation.

We **strongly** recommend that you upgrade to EasyApache 4. For more information, read our [EasyApache 4](#) documentation.
