

_Enter and confirm password and Notes

Enter and confirm the new password in the appropriate text boxes.

Notes:

- The system grades the password that you enter on a scale of 100 points. *0* indicates a weak password, while *100* indicates a very secure password.
- Some web hosts require a minimum password strength. A green password *Strength* meter indicates that you met the required password strength.
- Click *Password Generator* to generate a strong password. For more information, read our [Password Generator](#) documentation.
