

Email All Resellers

(WHM >> Home >> Resellers >> Email All Resellers)

- [Overview](#)
- [Email resellers](#)
- [Additional documentation](#)

Overview

This interface allows you to email every cPanel reseller simultaneously.

Note:

To send a message to the cPanel users on your server, use the [Email All Users](#) interface (WHM >> Home >> Account Functions >> Email All Users).

Email resellers

To email your resellers, perform the following steps:

1. Enter the name, email address, subject, and body of the message that you wish to send.
2. Click *Send*.
