

Manage2 Home

Important:

The features that appear in your Manage2 *Dashboard* interface correspond with your administrator level.

- Higher numbers correlate with greater access privileges and more available features.
- This value defaults to 0 for your primary account and defaults to -10 for all additional accounts.

For information about Manage2 admin levels, read our [Manage Users](#) documentation.

API Authorization Keys

The *API Authorization Keys* interface displays a list of the Manage2 API's authorization keys.
